1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Grunkemeyer on 1/6/06.

The application has been amended as follows:

In claim 28, please replace "device" with "method".

This amendment corrects an obvious typographical error in that claim 24 is drawn to a method not a device.

In the abstract, please delete lines 18 and 19.

This amendment was made to ensure that the abstract would be considered to be only one paragraph.

2. The following is an examiner's statement of reasons for allowance: For reasons consistent with those noted by applicants in their response, the instant claims are free of any rejection. The Terminal Disclaimer filed 10/31/05 is proper and has been entered. Also the Declaration under 37 CFR 1.132 is proper and sufficient to establish inventorship of the subject matter in '560.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-
